

# Maine State Golf Association Championship Entry Application

## Maine Mixed Championship

Val Halla Golf and Recreation Center

Sunday, August 15, 2010

The 2010 Maine Mixed Championship will be contested at Val Halla GC in Cumberland, home base of the MSGA. The event features amateur teams consisting of a male and a female competing in a Scotch Ball Modified Pinehurst. In this format, both players hit drives from the appropriate tee and then play their partner's ball for the second shot. One ball is then selected and players alternate hitting until holed out. The process is repeated for each subsequent hole.

Championship trophies will be awarded for gross winners, with an equal number of gross and net payoffs. There will also be a Couples and Pro Division. In the net division, handicaps will be determined by the current USGA formula, which allows an average of 60 percent of the lower and 40 percent of the higher handicap. In order to compete in net, players must show proof of current handicap index. In addition, **one player per team must have a current membership in either the MSGA, WMSGGA, SMWGA or NEPGA in order to submit an entry application.** MSGA membership purchase may be submitted with entry, or purchase on-line through the portal at [www.mesga.org](http://www.mesga.org).

The entry fee for the Maine Mixed Championship is \$100 per team. Starting times are **by entry application only**. If you would like to play with another couple, please indicate that on your application form along with your tee time preference. Starting times will be posted on the web site, sent to the newspapers the week prior to the event, and they're also available by calling the office.

Anyone interested in sponsoring a hole in this tournament, please call the MSGA office for more information. Hole sponsorships \$100, and all revenues raised will go to the MSGA Scholarship Fund.
