Subdivision Preapplication Workshops: The subdivision preapplication workshops are open to the public. These workshops are for the Planning Board to review the physical attributes and natural resources of a parcel proposed for subdivision and to discuss the subdivision type that would be best suited to the physical characteristics of the parcel.

Preapplication Workshop #1. Review of a 3-lot minor subdivision proposal for a 13.26-acre parcel located on Blanchard Rd. Ext., Tax Assessor Map R08, Lot 68I, Owner/Applicant; Stonewood Land, LLC. Representative; Kevin Clark, PE- Sitelines, PA.

The Planning Board conducted a preapplication workshop for review of a 3-lot minor subdivision proposal for a 13.26-acre parcel located on Blanchard Rd. Ext., Tax Assessor Map R08, Lot 68i, to discuss which subdivision type, conservation or traditional, would be best suited for the parcel.

The Planning Board listened to the presentation of Kevin Clark of Sitelines, PA, for a traditional and a conservation style subdivision. The developer prefers the traditional style subdivision.

The Board heard comments from the Lands and Conservation Commission and members of the public.

Mr. Saunders moved that the Planning Board recommend the Conservation Subdivision for the 3-lot minor subdivision located on Blanchard Rd. Ext., Tax Assessor Map R08, Lot 68i, seconded by Mr. Kenny and **VOTED, 4 yeas, 3 nays (Sawchuck, Record & Rardin) – motion passes.**
