JUNE 12, 1995, TOWN COUNCIL MINUTES (UNDER NEW BUSINESS)

The Manager explained a staff recommendation that the Town do the work to bring the Bruce Hill Road Extension up to Town standards - with the residents of that road paying the Town for the cost of the work. The cost has been determined to be \$12,814 to the existing home owners, as well as an additional \$7,450 from the owner of the property at the end of the road. This amount will allow the road to be upgraded to Town standards, including paving.

Councilor Gleason moved that upon receipt of the necessary funds (\$12,814 plus \$7,450) the Town do the necessary work to bring the Bruce Hill Extension up to Town road standards.

Councilor Small seconded. VOTE: Unanimous (7)
