

**TWIN BROOK ADVISORY COMMITTEE MEETING**  
**July 7, 2015**

Attendees:

Jackie Stowell

John Leavitt

Annie Witte

Joe Loring

Iwona Tarling

Call to order: 6:34 pm

Discussion of combining/eliminating Town Comm.

Dogs: afternoons on Tuttle Rd. side – not too many people, so why not allow dog walkers there?

Dog survey and results – not many people know about it.

Irrigation of fields – TB Comm. unaware of this.

John – concern about Mr. Bolduc e-mailing comm. re: cancelling meeting – felt it should go thru Chairperson to make that determination. John asked if Anne would talk to Chris about this.

John asked Annie to inquire from Chris the need for the Lands & Conservation Comm. to review/ approve TB harvesting plan?

Annie - wondered how many more winters the Town will be using TB as a snow dump?

Annie - inquired about the new building at TB – what equipment is to be stored in it?

Discussed the importance of keep comm. discussions open and public – conduct comm. business in open and public forum – no behind-the-scenes e-mails.

Annie – Town is still mowing too much!

Joe – asked the Comm. to inquire from the Town their intentions/ long-term plans for the Park.

Discussed culvert installation.

John asked, and was granted permission from the Comm., to communicate with Forester Paul Larrivee and Mr. Bolduc to discuss resolving outstanding timber harvesting issues.

Meeting adjourned at 7:56 pm.
