MINUTES

June meeting minutes were accepted by John Leavitt and seconded by Kay Fowler.

RECREATION TRI-FOLD FLYERS

Brian Bickford and Peter Bingham are working on a tri-fold flyer of the trails of TwinBrook and the rules and regulations.

ADULT EDUCATION & TWIN BROOK COMMITTEE JOINING FORCES?

It was discussed by the committee and Brian Bickford about joining forces with the Adult Education Committee. We have similar subjects that we talk about and in the past they used to be one committee. Brian was to talk to the Adult Education Board and see what they thought about it also.

MASS GATHERING PERMITS

Park Fees were discussed with Peter Bingham and he was going to research what other towns charge for fees so that the committee could make a collective decision on what we should be charging so that there is only one fee chart for the committee of TwinBrook and the Adult Education Committee.

TREE HARVESTING

It was mentioned by Jeff Porter that there would be a site walk in Rines Forest to go over what might possibly be harvested this winter. We are still discussing having TwinBrook harvested but have not made a collective decision on it yet.

WORKSHOP

We discussed extensively setting up a workshop to go over making some updates and reorganization of the TwinBrook policy and also changing and adding some rules and regulations to it as well. John Leavitt was to go over the policy and come up with a rough draft to present to the council at a workshop that we need to set up with the council. John has already started that process and was going to work more on it by putting it into a better format and change some of the wording in some of the areas. We were going to further discuss this at the next meeting.
