## Honorable Mention

We would like to highlight the **RECREATION DEPARTMENT** for an outstanding job. Our Recreation Department is a strong link between the school and the community and they do a terrific job! In 1993, there were many citizens who received their GED's and many citizens who joined the activities just for enjoyment.

*Pictured left to right are: Bill Landis-Director; Winnie Durrah - Secretary; and Tom Joyce- Adult Education Director.*

## Introduction

To the Town Council and Citizens of Cumberland:

I am pleased to submit the *Annual Report of the Town of Cumberland* for the calendar year 1993.

The Town Council has directed that this report be issued in order to help its citizens understand their local government and community. It also serves to provide a record of the activities of the departments and committees during the course of the year. We have made every effort in presenting this report to explain highlights of each department's and committee's accomplishments in 1993.

I would like to thank members of the Town Council and members of the Boards, Commission and Committees who give so generously of their valuable time in service to the community.

Sincerely,

*Robert B. Benson*  
Town Manager

## OUR OFFICE STAFF

---

*Left to right: Debbie Flanigan-Excise Tax Agent; Mitzi Duff-Tax Collector; Klara Norton-Town Clerk; and Cheryl Buxbaum-Welfare Director.*

*Front: Bob Humphreys, Steve Murray - Chair, Susan McGinty.  
Back: Gary Varney, Harland Storey, George Small, Philip Gleason.*

## Report from the Town Council

*Steve Murray, Chair*

---

Your Council, your Town Manager and your Town employees experienced a busy 1993.

The 1993 budget for the Town was \$3,510,00 which was an increase of \$178,000 over 1992. This increase was covered by new revenue and thus there was no increase in the

tax rate attributable to municipal government affairs. The three biggest budget items continue to be solid waste disposal for \$388,000 or 11%, police \$504,000 or 14% and public works for \$550,000 or 16%. The Town continued to fund its long term capital budget at its traditional rate despite sluggish economic

conditions. The Town has very little debt and has good reserves compared to other towns and an available unused debt capacity of \$62,332,500.

The tax rate is \$19.00 per \$1,000 for 1993 of which \$5.89 represents taxes to support municipal services with the balance being school and county.

Casco Partners repaid all of the money which it borrowed from the Town to generate private funds from Casco Northern Bank to build its Smallbrook Crossing affordable housing project.

The Council voted to contribute \$12,500 to the Casco Bay Island Transit District to help fund the purchase of a new ferry which will serve Chebeague Island and other Portland area islands. This money and money contributed by other Portland area communities was used as seed money for government grants.

The Council made it clear to the County Commissioners that it did not want to see a county commission budget increase for 1994. The Town joined other towns in doing this and while the County budget will stay the same, because of changes in State valuations of towns in Cumberland County, Cumberland will be paying more in 1994 than it has before.

The Town participated with other towns in opposing Portland Water District's rate increase request which resulted in some relief to the Town for its annual payments to the Water District.

The Town, along with most of the other members of Regional Waste Systems, voted to cease development of the Gorham Recycling and Demolition Debris facility which RWS had acquired and to instruct RWS to hold on to the land pending further developments.

One hundred and fifty acres of land on Tut-

tle Road comprising field and forest and accessible to public water and public sewer was put up for sale. The Council voted to issue bonds to raise a sum not to exceed \$530,000 to purchase the property and negotiations with the owners were under way at the end of 1993.

Attempts to resolve issues with the Town of Yarmouth concerning the landing site for the Chebeague Island ferry continued. The joint Cumberland and Yarmouth committee continued to meet and a preliminary design for a new ferry landing site on CMP property on Cousins Island was developed. The town councils met to discuss the plan and the matter is currently in the hands of the Yarmouth Town Council.

The lease of the stone pier variety store on the island was terminated and the store was removed to make room for parking and traffic.

Early in the year, the Town applied for a permit to dredge at the stone pier on Chebeague Island. The design was completed late in the year and bidding to do the work is underway.

The Chebeague Island landfill was closed in accordance with State law. A transfer station was constructed and waste is now shipped from Chebeague to the mainland and then trucked to Regional Waste for disposal. The closing of the old Chebeague landfill will be accomplished after review and approval by the Dept. of Environmental Protection.

Drainage was improved on Rt. 88 from Pine Ridge Road to the Falmouth line with the State providing the materials and the Town providing labor and equipment.

Approximately one mile of Main Street from the North Yarmouth line to Tuttle Road was totally rebuilt by the State. At the same time, the sewer line was extended on Main Street from Cottage Farm Road to Lawn Avenue via an extension on Farwell Avenue.

Former Police Chief Leon Planche was removed as police chief by the Town Manager after a contentious hearing which former Chief Planche requested be public. It was a very difficult time for everyone involved and caused some expense to the Town until the insurance company took over the case. Former Chief Planche has appealed his removal and the matter is pending in Superior Court.

The Town formed a police chief search committee which received more than 80 applications. The search committee interviewed 14 of the 80 applications and reinterviewed four. Pending resolution of the Planche case, Sergeant Joe Charron has been acting police chief.

The long awaited so-called MacLaren report was delivered in late fall to the towns of

Falmouth and Cumberland reporting on anticipated results if a merger of the police forces were to occur. While savings projected were less than those anticipated by everyone, the towns will be continuing to study and discuss the merger of their police and public safety departments during the next year.

The Council continued to make various amendments to ordinances, issue licenses, meet with the School Board to discuss mutual concerns about possible future increases in the tax rate, and concerns about state funding for schools.

The Council expresses its appreciation to the Town Manager, the Council Secretary and to all Town employees for their loyalty, hard work and good cheer in 1993.

## Public Works Department

*Philip Wentworth, Director*

---

The Public Works Department worked on numerous projects this year. They were the following:

- Probably the most important event was the reconstruction of main Street, from Tuttle Road to the North Yarmouth Line, thus ending the bothersome water problems that existed for some years.
- One other large project was the construction of 1300 feet of underdrain along Route 88 from the Falmouth Town Line to Pine Ridge Road to eliminate a winter icing and water problem in that area.
- Other projects of significance were the new entrances at the High School and Jr. High along with changes in the access road to the Athletic Fields.
- On Chebeague this year the new Transfer Station was put into service in December thus ending the use of the Landfill there.
- Other items include paving at the Town Office and the moving and remodeling of several offices within.
- Paving on the Mainland included; Forest Lake Road, Upper Methodist Road, George Road, Old Gray Road, Highland Ave., Union Road, Kathy Lane, and Blanchard Road Ext.
- The roads that were accepted in 1993 include; Glenview, Heather Ln., Holly Drive, Shady Run Lane, Cumberland Common, Oak Street, and Conifer Ridge Road.

# Cumberland Fire Department

*William Fischer, Fire Chief*

*Deputies: Med Bowen, Craig Weeman, Francis Small*

---

The Cumberland Fire Department currently employs eighty eight (88) active members. These members responded on 274 calls for assistance in 1993. The members donated over two thousand (2000) man hours, to the Town of Cumberland, in training time in 1993. The Cumberland Fire Department currently operates and maintains thirteen (13) pieces of equipment. This equipment includes eight (8)

engines, one (1) Ladder, two (2) tank trucks and a utility truck. The Department did over two hundred (200) fire safety inspections in the Town in 1993. These inspections included private residential homes, schools and commercial buildings. Inspections of your home are available upon request by calling 829-5421. We all look forward to serving the needs of the Town in 1994.

## Rescue Department

*Christopher Bolduc, Rescue Chief*

*Lance Dow, Deputy*

---

The Cumberland Rescue Department finished 1993 with five hundred and twenty (520) calls for assistance. This number is up by seventy calls (70) calls over 1992's runs. The Department consists of three (3) paramedic equipped ambulances and twenty five (25) members staffing these ambulances. Together, we provide advanced life support treatment to Town Residents, twenty four (24) hours a day, seven (7) days a week. All Rescue Department Members are volunteers, we only have one full-time paramedic. Providing this level of service to the Town entails a great sacrifice by all the Rescue Members. Their efforts, their skills and their work are an invaluable resource

to the residents of the Town of Cumberland. In 1994, we look forward to training and working with eleven (11) new members who are presently training in EMT (emergency medical technician) courses. Seven of these members will be assigned to Rescue 2 on Chebeague Island. In addition, Chebeague Island will have a paramedic on the Island starting in May. With the addition of a paramedic, Chebeague will become the only Island in Casco Bay with advanced life support capabilities. I am very proud of the advancement the Rescue has made in 1993, and I look forward to the challenges of 1994.

# Harbor Master

---

*Ted Curtis, Harbor Master*

Last year we witnessed another growth year for mooring registration. A total of 344 moorings were registered with the majority still located around Great Chebeague Island.

Last year's activities included assisting mariners with mooring questions, checking moorings, enforcing mooring times at the Stone and Chandlers' Piers, checking parking at the Stone Pier, assisting capsized and grounded boats, relocating dead seals, returning lost boats to owners, removing derelict boats from the coastline, bailing tenders after rainstorms.

Additional activities included monitoring the shellfish flats in the capacity of a shellfish warden, and working with the Chebeague Island Rescue. In 1994, water quality monitoring will be added to my assigned duties.

In an effort to expedite the mooring re-

newal process, you can now pay your registration fee at the Cumberland Town Office when you pay your boat registration. You will only be requested to complete the long mooring registration form if you are registering a new mooring. Let us all make an effort to display your mooring numbers on your mooring for easy identification.

A personal thanks is directed to Public Works, in particular to Med Bowen and Bert Copp and Police Department, in particular, Officer Jeffery Soper. Their close support and excellent communication assisted me greatly in the performance of my job.

My personal thanks to everyone for all their valued assistance and good suggestions that contributed to making 1993 an excellent year. Let's continue to work together and make 1994 a safe boating year!

## Maine School Administrative District #51

---

*Robert G. Hasson, Superintendent*

---

I take great pleasure in bringing this, my first report as Superintendent, to the residents of Cumberland. As we strive to meet the high expectations of the District, I am committed to providing the leadership and inspiration necessary to accomplish these goals. We continue to move forward in terms of educational growth and improvement, while remaining realistic about economic constraints and considerations.

The District continues to experience enrollment increases, however, classroom crowding at the elementary level will be eased with the opening of the Mabel I. Wilson School addi-

tion. We expect the addition to be completed by the fall of 1994, and the renovation of the older section of the school to be completed by the first of next year.

With an eye toward both educational and community goals and values, we strive to develop instructional principles and practices to help our students meet the challenges of an ever-changing world.

I invite you to contact me to share your thoughts. I value your input and encourage your involvement. You can reach me at 829-4800. I look forward to hearing from you.

# Cumberland Community Education & Recreation

*J. William Landis, Director*

---

The Cumberland Community Education and Recreation Department provides quality programming with minimal cost. This past year 3600 participants were served by the Recreation programs at the same expense as in 1991.

Some of the department highlights for 1993 are as follows:

- Community Soccer league, our fall soccer program has grown extensively in the past 2 years which has led to the formation of an intra-community league. A total of 180 youths were part of this program.
- Pre-school program at the West Cumberland Community Building. This program has started with 5 participants, who are having a wonderful time. The start of this program was developed because of a community need of additional pre-school programs. A sign of a growing community.
- Instructional Lacrosse, this new and growing sport to Southern Maine is attracting a number of participants who are looking for a baseball alternative. Provides great cardiovascular exercise.
- Day camps were based at the Greely Junior High School, an excellent location for the campus based summer programs. (due to renovations and an addition to the Wilson School).

In addition to the highlights, the strength of the department is its consistency to provide a variety of programming to meet individual interests which range from music to arts & crafts to sports.

Looking forward to 1994 is exciting because of the additional space of a new gym and community room, (part of the Wilson school addition), this will provide much

needed space for program growth.

## Adult Education:

Tom Joyce has once again coordinated one of the best course offerings for adults in the Greater Portland area. The classes are timely, unique, and provide re-training & enrichment for the participants. A number of programs also provide a community awareness, such as Cumberland & North Yarmouth History nights. We are proud that the number of adults who participate in lifelong learning is exceeding 1500 for the calendar year.

The number of GED students has also doubled in the past year. These are individuals who dropped out of high school and are returning to complete their high school equivalency tests. The vignettes of the participants are remarkable stories of overcoming adversity to complete their requirements for the High School Degree.

With the addition of Senior Housing and the general community age increasing, we are reaching out to the Active Older Adults in programming which directly benefits their interest and limited financial resources. This has been reflected in the number of trips, program offerings and flex scheduling.

Our goals for 1994 will be:

- Continued collaboration with neighboring communities to provide a greater variety of programming.
- To provide classes or programs which are affordable to all socio-economic levels of our community.
- To provide a curriculum for life long learning.

*Thanks for Your Community Support in  
1993!*

# Val Halla - #1 Municipal Course in Maine

*Bob Leighton, General Manager*

---

YES! Val Halla has become the best municipal golf course in the State of Maine. During the 1993 season, Val Halla continued to improve in all areas thanks to the direction and guidance of our Board of Trustees and its chairperson, Bob Darling. Thanks, also, to Bob Benson for his support and wisdom. Many, many thanks to Debbie Thompson and Wayne Webster for the many hours they contributed to the management of Val Halla. They will be very hard to replace.

Thanks again to Judi Greene and all the members of the Val Halla Golf Association for their continued support. Whenever called upon, the Association is always there to give us a helping hand and support.

Thanks, also, to Jim Hodge and his staff for their efforts on the course. Val Halla is in excellent condition and is always well groomed.

Terry Adams and his staff should be complimented on the outstanding job done in the

Pro Shop. We are looking forward to having Terry return in 1994 with new and exciting things in the Shop.

One of the greatest improvements was in the snack bar. Sandy Moody did an outstanding job in her first year of managing this vital area. Our snack bar was moved downstairs so as to be more convenient for our patrons using the newly renovated lower lounge and for those coming off the "front nine".

1993 was certainly a record breaking year in the number of people using Val Halla but we cannot stop here. We must look to the future with confidence that we can and will continue to improve. A committee is already in place and working on long range plans for improvements in the Club House and its surrounding grounds. Our Club House is fast becoming too small for our increases in memberships and over-all activity. We have also ordered 20 new club cars which will increase our cart fleet to 30 - all in excellent condition.

# Assessor's Office

*Paula M. Wight, Assessor*

---

I am pleased to submit the following report for the year ending December 31, 1993.

The total assessed valuation of real and personal property for the 1993 assessment year was \$371,794,000 an increase of \$9,596,060 over the previous year.

Based on the 1993 tax rate of 19.00 mills (\$19.00 per one-thousand dollars valuation) the total assessed valuation of \$371,794,000 amounted to \$7,064,086.00 toward the municipal and school budgets.

The following information was compiled for the 1993 assessment year:

Total Land Valuation.....	\$150,278,700
Total Building Value.....	219,441,170
Total Real Estate Valuation .....	369,719,870
Total Personal Property Valuation.....	2,074,130
Tax Rate.....	19.00 Mills
Total Taxes	
Assessed on all Property .....	7,064,086
Total Valuation Exempt	
By Law From Taxation.....	29,390,660
Total Valuation of Real Estate Classified Under Tree Growth & Farm and Open Space .....	360,390
Total Valuation of Exempt	
Property of Veterans .....	745,450

## Building Inspection

*Robert B. Littlefield, Building Inspector*

---

In 1993, there were 243 building permits issued representing a total construction cost of \$9,412,267. In addition two permits were issued for municipal construction, for a total of \$5,125,000.

There were 61 permits issued for new homes in 1993 representing a construction cost of \$7,021,840 with an average cost per unit of \$115,112.

Again this year with the able assistance of Plumbing Inspector Richard Peterson and Electrical Inspector Stanford Brown, all new construction was site inspected in an effort to maintain the proper standards as required under the Building, Electrical and Plumbing Codes.

The following information was compiled for the 1993 inspection year:

Type of Construction	No. of Permits	Construction Costs	Permit Costs
New Houses	61	\$ 7,021,840	\$ 6,307.00
Renovations	31	310,392	573.00
Alterations	7	53,167	104.00
Additions	61	1,344,081	1,848.00
Porches	5	19,600	48.00
Garages	23	324,000	564.00
Foundation	3	17,500	42.00
Access. Struct.	39	244,587	448.00
Temp. Struct.	0	000	0.00
Antenna	0	000	0.00
In-Ground Pool	4	50,000	147.00
Retaining Wall	0	000	0.00
Demolitions	7	4.00	5.00
Commercial	2	27,000	43.00
TOTALS	243	\$ 9,412,267	\$10,129.00

ELECTRICAL PERMITS FOR 1993 = 173

Permit Costs = \$3,852.00

PLUMBING PERMITS FOR 1993 = 202

Permit Costs = \$8,209.50

# Board of Adjustment and Appeals

*Robert C. Robinson, Chair*

---

The Board of Adjustment and Appeals is comprised of five members appointed by the Town Council as volunteers to serve for a term of three years.

The Board of Adjustment and Appeals is an administrative Board authorized and created under the law, the powers and duties of which are strictly governed and limited by Town Ordinances.

**INTERPRETATION.** Upon appeal from a decision of the Code Enforcement Officer, the Board shall determine whether the decisions of the Code Enforcement Officer are in conformity with the provisions of the Zoning Ordinance. The Board shall interpret the meaning of the Zone Ordinance in cases of uncertainty.

**VARIANCES.** Upon appeal from a decision of the Code Enforcement Officer, the Board shall have the power to vary the dimensional requirements of the Zoning Ordinance that relate to size and height of structures, setback distances, and sizes of signs. The variance shall only be granted where such variance will not be contrary to public health, safety or general welfare, and where, owing to conditions peculiar to the property and not the result of the actions of the applicant, a literal enforcement of this Ordinance would result in unnecessary and undue hardship. A variance shall not be granted for the establishment or expansion of a use otherwise prohibited. The presence of other non-conformities in the neighborhood or zoning district shall not constitute grounds of a variance.

**SPECIAL EXCEPTION.** A use that would not be appropriate generally throughout a zoning district but which may be permitted by the Board of Adjustment and Appeals if

specific provision for such conditional use is made in the zoning ordinances and if the Board finds that the proposed use meets certain standards as set forth in the Ordinance.

**OTHER PERMITS.** The Board also has the power and duty to pass upon the issuing of certain permits or approval, where expressly authorized by the Zoning Ordinance.

**SUCCESSIVE APPEALS.** After a decision has been made by the Board of Adjustment and Appeals, a new appeal of similar import concerning the same property shall not be entertained by the Board until one year shall have elapsed from the date of said decision, except that the Board may entertain a new appeal if the Chairman believes that, owing to a mistake of law or misunderstanding of fact, an injustice was done, or if he believes that a change has taken place in some essential aspect of the case sufficient to warrant a reconsideration of the appeal.

The members of the 1993 Board were Gregory W. Fowler, George S. Turner, Ronald W. Copp, Dennis Levandoski and Robert C. Robinson, who is the Chairman.

The Board took action on the following in 1993:

Interpretations	4
Variances	26
Special Exceptions	22
Expansion of Non-Conforming Use	1
Change of Non-Conforming Use	1
Successive Appeals	0
Applications Withdrawn	2

At the request of an applicant the Board of Adjustment and Appeals meets on the second Thursday of each month at 7:30 p.m.

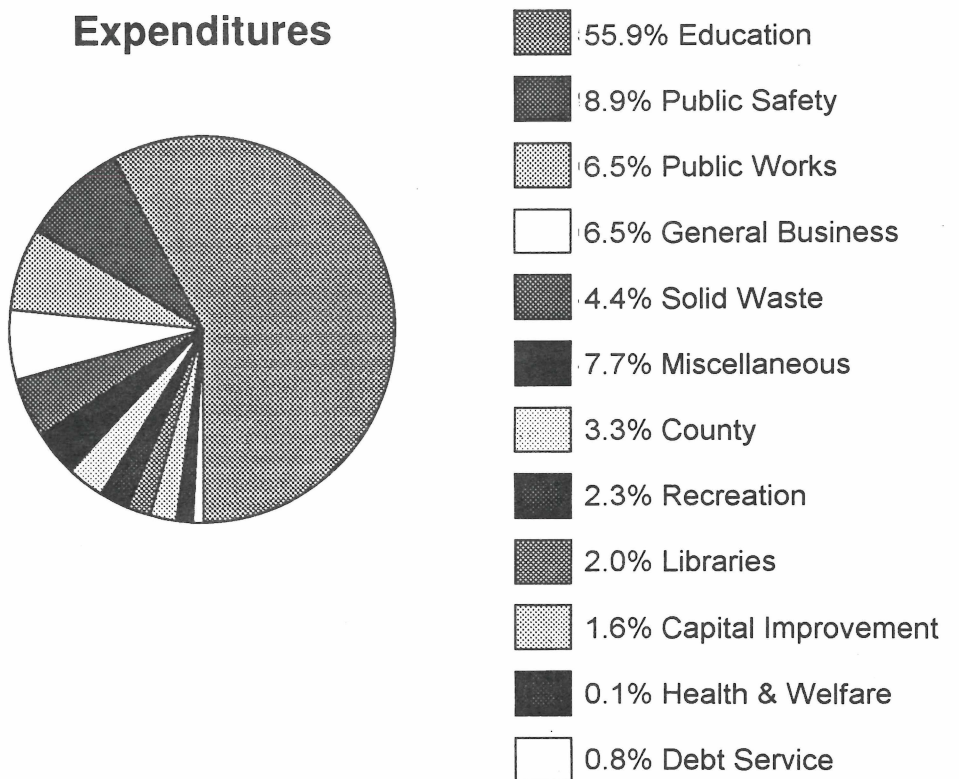

## Property Tax Dollars at Work

## Total Revenues

## Expenditures

# Planning and Code Enforcement Department

*Donna Larson*

---

The Planning and Code Enforcement Department provides staff assistance to the Planning Board and the Board of Adjustment and Appeals. For the Planning Board this includes reviewing site plans for commercial proposals, residential subdivision plans and preparing requested ordinance changes. Staff work for the Board of Adjustment and Appeals includes assisting residents in completing applications, explaining the Board's procedures, researching the history of the property, and doing site visits.

In addition to working with the local Board's, staff also works with the general public by answering zoning and subdivision questions that pertain to their property. The Town Planner is always available to discuss ideas or concerns with residents concerning the use of their land or general land use issues.

## CUMBERLAND MEADOWS SENIOR HOUSING

Cumberland Meadows Senior Housing continues to be a tremendous success. I am pleased to report the project enjoyed 100% occupancy in 1993. The project is completely self-sufficient, requiring no tax dollars, while establishing an adequate reserve fund to keep the buildings in excellent condition. The one story design and the attached garages are the features most enjoyed by the tenants.

The tenants have organized a number of functions including, teas, luncheons and other social type activities. Managing the complex at this point is relatively hassle free. The tenants are a delightful and diverse group of people from all walks of life.

## Planning Board

*Mark A. Robinson, Chair*

---

The Planning Board typically consists of seven members appointed by the Town Council, in 1993 there were six board members due to a vacancy. The 1993 Planning Board included Chairman, Mark A. Robinson, Vice Chairman, Phil Hunt, Robert Vail, Douglas Damon, Nancy Michalak, and Peter Bingham.

The Planning Board is charged with reviewing subdivision and site plan review applications for compliance with the Subdivision and Zoning Ordinances.

In short, the Planning Board is responsible for seeing that new developments, be they residential or commercial, are safe in terms of fire, police and rescue access, that adequate parking is provided, that provisions for managing stormwater have been incorporated and that developments are constructed in an environmentally sound manner. The Planning Board also reviews the Zoning and Subdivision Ordina-

nances periodically and makes recommendations to the Town Council for amendments.

The Planning Board was busy in 1993 reviewing the addition to the Mabel I. Wilson School, and the new transfer station on Chebeague Island as well as revisions to approved subdivisions, new commercial developments, and zoning amendments.

The Planning Board conducts its regular meeting on the third Tuesday of each month at 7 P.M. Workshops are held as needed throughout the month for projects being proposed in the Town. All meetings are open to the public and we encourage citizen participation. Meeting notices are published in the Portland paper, the Shopping Notes and the Forecaster. Abutters are notified by mail when development will affect their property. Minutes of the meetings are available for review at the Town Office during regular business hours.

## 14

# Police Department

*Sgt. Joseph J. Charron*  
*Acting Chief of Police*

---

Over the past 12 months the Cumberland Police Department has gone through and will continue to go through a transition period. It has been a difficult time for all members of the department.

However, due to the level of professionalism and the dedication by both sworn and civilian members to the law enforcement profession, the level of services and involvement in proactive programs has and will continue to steadily increase despite periodic distractions.

In 1993, the Cumberland Police Department marked the beginning of a new direction in delivering police services. Besides continuing the necessary and transitional police functions, more energy has and will continue to be directed towards pro-active programs. For example, the D.A.R.E. (Drug Abuse Resistance Education) Program graduated its first class of 5th graders in June of 1993. Although my opinion may be considered one of bias as I am the current D.A.R.E. Officer, the amount of positive feedback I have received from the parents of those 5th graders is enormous. I anticipate undertaking the 7th and 8th grade D.A.R.E. curriculum in the Fall of 1994 and expect that it will be just as well received. Also in the Spring of 1994, the D.A.R.E. program will expand to the

lower grades at the Wilson School.

Another program we expect to begin in both schools is a safety program designed for elementary and middle school students. Officer Lawrence Goff has received training in safety instruction for all grade levels and will be meeting with both school administrations to work out the details.

The Cumberland Police Department clearance rate is again above the state average for index crimes. In the coming year, police departments across the country will be required to report other criminal activity to the UCR reporting guidelines. One of these crimes is Criminal Mischief. Criminal Mischief involves the destruction or damage to property. Since the majority of these crimes are perpetrated by juveniles, it is important for all police departments to become more involved in pro-active programs which have proven to have an impact in reducing the occurrence of these crimes.

In closing, I would like to thank the people of the town for their support in 1993. I encourage all who have a concern or question in regards to the operation of the police department or any of its programs to either call or stop by as our door is always open.

# Recycling Committee

*Jennifer McAdoo, Chair*

---

During 1993, the Recycling Committee focused its energy on ways to increase the level of participation in the recycling program by Cumberland households and on ways to reduce the amount of waste we generate while recycling more materials. The Committee undertook a variety of projects in an attempt to meet these goals.

We announced at the end of 1992 that Cumberland had expanded its recycling program. Thus, one of the first projects for 1993 was to develop and distribute a flier to all households explaining changes in the collection of recyclables. Materials that are currently collected during the weekly curbside pick-up (on Chebeague Island, these items should be recycled at the transfer station) include:

- \* newspapers (with inserts);
- \* magazines and catalogs with glossy covers;
- \* telephone books;
- \* brown, kraft paper grocery bags;
- \* clear and colored glass;
- \* metal food and beverage cans;
- \* aluminum products (foil, pie plates, etc.); and
- \* plastic milk jugs and cider containers.

It is very important to prepare these materials properly to ensure that they will be accepted for collection. If you are unsure what to do with these or other materials, please call the Town Hall for details.

Other materials that were recycled in 1993 included Christmas trees. For the third year in a row, residents were able to drop off trees at either the R.C. Hazelton Company, the West Cumberland Recreation Hall or the wood products dump on Drowne Road. Thanks to you and the Public Works Department, over 250 trees were collected! These trees were chipped into mulch and the mulch will be made available to residents

in the spring.

As part of our continuing interest in encouraging residents to compost food and yard waste, the Committee applied to the Maine Waste Management Agency for a grant to look into the feasibility of eliminating food waste from the waste stream. The Agency approved the grant allowing Cumberland to purchase 50 "Green Cone Food Waste Digesters" and to participate in a study (with towns of Falmouth, Pownal and Yarmouth) on their effectiveness. After soliciting volunteer households to participate in the study, the Committee conducted three training sessions for residents on the mainland as well as on Chebeague Island. The expected completion date for the project is Fall 1994, after which time the results will be tallied and analyzed.

Finally, the Committee met on several occasions with the North Yarmouth Recycling Committee to brainstorm ideas for enhancing recycling in the SAD 51 schools. As part of this effort, each Committee sponsored a team of students from Greeley High to participate in a statewide "Envirothon." Additionally, we set up a table at Festival 51 of recycled household items and encouraged children of all ages to use their imaginations and create art sculptures.

During 1993, Cumberland residents produced 2,605 tons of solid waste. Of this total, 323 tons were recycled. This saved the Town over \$13,500 in disposal fees!

Throughout 1994, the Recycling Committee will continue to focus on ways to improve Cumberland's recycling program. Members of the Committee include: Jennifer McAdoo (Chair), Jo Anne Babcock, Hope Foster, Janet Hotham, Susan McGinty and Janice Tooker. Residents interested in recycling are invited to attend Committee meetings — usually held at the Town Hall on the third Monday of the month at 7:00 p.m.

# Chebeague Island Library

*Martha O. Hamilton, Librarian*

---

1993 was the "Year of the Exhibits" at the Chebeague Island Library. We started with a reading program - traveling all over the world by books - which enhanced by displays of mementos of all kinds including clothing, from over 40 countries. Next came the patchwork quilt and fabric design exhibits which ushered in the exciting summer months when we featured art work by two island families. Wood carving, original designs and paintings in several mediums by three generations of the Burgess family were displayed during July. In August, there was wood carving, furniture, jewelry, sewing, paintings and boat building by three generations of the Rich family. We were very pleased that, beside our regular patrons, so many people came especially to see the exhibits and often brought guests for repeat visits. We extend our sincere thanks to the members of both families for allowing us to make their talents visible to all, and for their help in setting up the shows. We have tentative plans to exhibit articles associated with island history next summer in cooperation with the Island Historical Society.

Other highlights of the summer of '93 were our 100th anniversary birthday party for Peter

Rabbit in July - the turnout in rabbits of all ages and sizes were amazing and gratifying and we all had a very good time! - and Randy Bean and his band provided a toe tapping evening of nostalgic music in August. Randy's sister, Binkie Dennett was one of the four original founders of this library, which made it more of a special event for us.

The launching of an organized group of Friends of Chebeague Island Library was initiated in '93 with encouraging responses from our mailings. The group plans a public meeting in July or August to elect officers and discuss goals and guidelines, etc. Long range plans for an Endowment Fund are still in the planning stages. Meanwhile, we have a marvelous crew of volunteers who are doing a great job of keeping the library open and functioning.

Our first complete year of logging statistics, circulation figures, etc. on the computer indicates that we were open 240 days and had 10,235 visitors in 1993. Our circulation of books, magazines and videos totaled 14,115, but that figure will have to be adjusted to include interlibrary loan and signed out paperbacks, games, puzzles, etc. ... all in all it looks like it was a pretty good year!

# Prince Memorial Library

*Martha B. Pawle, Librarian*

---

The Young Adult Program for Prince Memorial Library is well on its way to completion as we conclude another busy and productive year at the Library. Led by an active and expanded Advisory Board, a Fund Drive was undertaken to provide an expanded book collection, equipment and furnishings for this vital section of the Library. As the year closed, our immediate goal of \$14,000 was in hand, making possible the purchase during the year of more than 400 new Young Adults books. We'll be providing additional furnishings and equipment, books and periodicals during the coming year.

"Young Adult" is the term libraries use to re-

fer to pre-teens and teenagers aged twelve to sixteen who are no longer interested in the juvenile subject matter of children's books, but are not quite ready for, or comfortable in, the Adult Section. It is this critical age, when these individuals are asking themselves important questions and forming their own opinions and philosophies, that those who were once smitten readers are at risk of giving up reading. The responsibility for lifetime library use rests mainly on the public library and especially on Young Adult services, whose major goal is to make the transition from the Children's Section to the Adult Section possible. In a few years' time these Young Adults will be

responsible citizens of the community. Their experiences with the library during their adolescence strongly influences their growth and development and their continued use of library materials and services as adults, and their support of libraries as institutions in the community. We believe that this is a job worth doing well. Look for lots more of this YA-Action in 1994!

We are happy to report that our Book and Audio/Video collections are now entirely automated. Adult circulation went on-line early in March, and the system has proved to be every bit as useful and efficient as anticipated. We have indeed all learned to love it! Circulation rose this year by a solid 8%; we added 796 new Patrons, for an overall total of 3916. Library building continues unabated: meetings, lectures, flower shows, art exhibits - the community has found a great resource in this beautiful and welcoming space. We are also able to provide proctoring service for a local Patron enrolled in an Extended Degree Program offered by the University of Wisconsin at Platteville, WI.

Our devoted Friends continued to offer a wide variety of programs and services for young and old. Holiday celebrations and decorations marked Halloween and Christmas, with a special gift arriving by the skill and kindness of Janet Hotham, a member of Calico Quilters, who made a beautiful skirt for the Library Tree. A Used Toy Sale has become a Spring tradition, as well as entertainments for the Summer Reading Program, and a concert by Rick Charette. All of us appreciate the sturdy new Video Browser Bins, graciously supplied for our convenience by our Friends. The poise and organizational skills of this invaluable group were severely tested when a summer storm of exceptional force burst unexpectedly upon our outdoor party for the children. Level-headed friends escorted all guests quickly and effectively into the building and retrieved all the equipment as well. A special program was An Evening With Robert Frost, with Peter DeTroy reading from and commenting on the works of this beloved poet. We salute Pamela Moriarty as she completes two years of fine leadership with this invaluable group of Best Friends.

We have welcomed new members Cynthia Richardson, Carolyn Small, Stephen Moriarty, and Council Representative Philip Gleason to the

Advisory Board. Charles Adams is our new Chair. The hard work of all members of the Board made possible the realization of funding for our Young Adult Program and gives promise of continued leadership in the year ahead.

There has been much activity and progress this year, yet we close it on a bitter-sweet note, with the acceptance by Mrs. Molloy of the position of Director of the Orono Public Library. In her too short time with us, Kathy has articulated and put into operation the program for Young Adults. Her vision inspired the successful fundraising effort, and her professional skill and leadership provided the development of the book collection and the arrangement of the overall program. She has made many friends here with her ready smile and warmth, and we will all miss her.

We have happily welcomed Carol Gagnon to her appointment as Technical Services Librarian, official recognition of a pre-existing condition! Her tact and patience, added to a professional level of competence, have made it possible for all of us to arrive safely in the new world of automation. We also welcome Erik Jensen to our Page Staff.

A moving tribute to Roger Garrison, late of Cumberland and the faculty of Westbrook College, appeared recently in the Portland PRESS HERALD. Written by Florida journalist Bill Maxwell, the column spoke of a man who could command and communicate the English language with energy and clarity, who had a zest for life and for friendship, and who died too soon. Roger had been a trustee of Prince Memorial Library, and his two concise powerful books about writing are a valued part of our collection. Remembering Roger reminds us of the many and diverse gifts of all the people who have served this Library through the years.

Clearly there will be many changes at the Library in 1994. We look forward to this new time with confidence in our institution and enthusiasm for the new challenges which lie ahead of us.

# Cumberland Historical Society

*Barbara Garsoe*

---

The Cumberland Historical Society has had some special projects this year plus regular meetings to make for a fruitful and busy year.

Last Memorial Day, we again, with Morgan Knight as chairman, had charge of the Memorial Day parade. In addition, Bill Crowell chaired an art show displaying art work done by members of the Society. Thanks to Bill's organization and enthusiasm, we had the building full of artfully displayed talent.

In September, the Congregational Church celebrated its two hundredth anniversary. In conjunction with that, our society set up an exhibit of archives and artifacts pertaining to the church and its history.

We were asked by the Cumberland Education & Recreation Department to present a program on Cumberland history. With the help of ten members of our society, we put on a program regarding many segments of town history. With an attendance of over sixty, we felt that it was a worthwhile project giving the public a small insight into our town's history. Accompanying the program, Jean Szendrei made up a map of Cumberland with a key to historical sites, old homes, schools, etc. The map can be purchased from the Historical Society for one dollar (\$1.00). Using this, one can drive through town and pick up historical

points of interest.

Our September meeting was in conjunction with the Friends of the Library. Two ladies from Norlands presented a revealing look at the proper place of the 19th century woman. We were glad to welcome the Friends to our meeting.

Our special meeting was given by Jackie Lessard, a Cumberland resident, on the early road system of Cumberland. Did you know that Cumberland had roads that do not exist today? At one time the Range Rd. extended from the Middle Rd. to the Gray Rd. and Blanchard Rd. went through to Gray.

Several school groups have visited our museum. A second grade buried a time capsule beside the building and stored papers and a map in the vault. Ten years from now when the class graduates, the capsule will be opened.

Again this year we were able to present two scholarships to Greely students. Christine Katy and Kendall Cook Putman were the recipients.

The Collections Committee meets on Wednesday afternoons from 1:00 - 3:00 to work on archives and welcomes visitors at that time. Stop by to see us and join our society on the third Thursday of the month for interesting programs.

# Chebeague Island Historical Society

*Donna Miller Damon*

---

On April 6, 1984 a group of Chebeaguers gathered at the Chebeague Island Hall to discuss the possibility of starting a Chebeague Island Historical Society. People talked about the need every time an old house was sold and

its pictures, letters and account books ended up in the dump. Through Martha Hamilton's efforts at the library, many historical items had been saved but the time had come for the COMMUNITY to become proactive.

During the past 10 years, the Historical Society has become one of Chebeague's most active organizations. In addition to collecting artifacts and written materials, the Society has instituted the Historic House Tour (which will be held on August 10th, bigger and better than ever, conducted an island wide census during the summer of 1990, established the Margaret Bates Book Collection at the library (through the generosity of Blanchard Bates) sponsored school programs and recently acquired the Historic Community Series at the request of the Island School teachers.

During 1993, the Chebeague Island Historical Society began to plan for the future with the creation of a Long Range Planning Committee. Chaired by new trustee, Jim Millinger, the committee studied various aspects of the Society's operations, which resulted in the creation of several new committees. The program committee is charged with developing a series of programs which will appeal to a wider audience, the Collections Committee will be cataloging our holdings and communicating with

potential donors, the Building and Grounds Committee will be considering building options to house our ever increasing material culture collection.

The Long Range Planning process clarified the need for active volunteers throughout the year if we are to accomplish our purpose, which is "to record the history of Chebeague Island by the acquisition and preservation of antiquities and documents for the benefit of the island residents". If the Society is to go forward with its plans to expand its programs and services we must know that you, the people of Chebeague want this to happen. Do you want more programs? specific topics? Do you want us to continue to collect artifacts? Would you support the acquisition of a building to house our collections with your time and/or financial support? We must know your thoughts before we can continue. We will be surveying the community during the spring and early summer and will announce our plans for the future at our August 15th meeting.

Clam Licenses:					
Recreational	73	109	117	146	200
Commercial	11	10	0	0	0

The Town Clerk is responsible for all elections, both State and local, held within the community, records and issues Marriage, Hunting, Fishing, Dog, and Victualers licenses, and issues certified copies of marriage, birth and death records.

# For Your Information

## **Vehicle Registrations:**

The Town Office is authorized to issue RE-NEWAL REGISTRATIONS for auto- mobiles, combination vehicles, handicapped, firefighter, national guard, motorcycles, mopeds, motor driven cycles, trailers, tractors, special equipment, special mobile equipment, stock cars, antique autos, horseless carriage, street rods, ATV's, snowmobiles, boats, mobile homes, motor homes and trucks registered for the same gross vehicle weight as for the previous year, whether commercial or farm trucks.

For your convenience, the Town is also authorized to issue NEW PLATES and NEW REGISTRATIONS for automobiles, motorcycles, mopeds, motor driven cycles, motor homes, trailers, mobile homes, farm tractors and commercial trucks to be registered for not more than 6,000 pounds gross vehicle weight. In processing new registrations, the Town is authorized to collect sales tax and process Maine Title applications for vehicles that were manufactured in 1984 and after. The Town Office may only issue TEMPORARY REGISTRATIONS for snowmobiles, ATV's and boats.

OUT OF STATE INDIVIDUALS, must WITHIN 30 DAYS of RESIDENCY in CUMBERLAND, register their vehicles in the Town Office and apply for a State of Maine drivers license at Motor Vehicle in Portland. The Town office will need to see the previous out of state registration, out of state title if the vehicle was manufactured in 1984 and after, proof of insurance and proof of sales tax paid. Individuals MOVING to Cumberland from WITHIN THE STATE, must, within 10 DAYS, notify the Secretary of State or the Dept. of Motor Vehicle in Augusta, of their ADDRESS CHANGE for both their car registration and drivers license.

TO REGISTER A VEHICLE, it will be necessary to have the serial or identification number, year, make, model, color, weight, optional equipment and proof of insurance for the vehicle being registered.

## **NOTE:**

### **STREET PARKING BAN**

#### **Traffic Ordinance:**

From November 15th to April 1st, between the hours of 12 o'clock midnight and 7 o'clock a.m., no vehicle shall be parked on any street in the Town of Cumberland as it would interfere with or hinder the removal of snow.

#### **Dog Licenses:**

All dogs must be licensed at the Town Office by January 1st each year. To license a dog, a valid State of Maine Rabies Certificate must be presented along with spaying/ neutering certificate. The fee for dogs capable of producing young is \$7.50, and altered animals is \$4.00.

#### **Elections and Voter Registration:**

The MUNICIPAL ELECTION is always held on the second TUESDAY of JUNE. The STATE/FEDERAL GENERAL ELECTION is always held on the first TUESDAY of NOVEMBER. Elections are held in the Council Chambers at the Municipal Center at 12 Drowne Road on the mainland, and the Public Safety Building on Chebeague Island. Polls open at 7:00 a.m. and close at 8 p.m. One may REGISTER TO VOTE in the TOWN OFFICE Monday thru Friday during normal business hours, or on the day of the election at the polls in the Voter Registrar's Office.

#### **Fish and Game Licenses:**

Resident fishing or hunting licenses for persons 16 years of age or older may be obtained at the Town Office at a cost of \$18.00. A Combination Hunting & Fishing license may be obtained for \$33.00, a savings of \$3.00. A Junior Hunting license may be obtained for persons 10 years or older and under 16 for \$6.00, but the junior hunter must be accompanied at all times by a parent or guardian or an adult 18 years or older approved by parent or guardian. Upon age 16, proof of successful completion of a Hunter's Safety Course must be provided to obtain an adult license. Other licenses and stamps that may

be obtained include: Archery license, Resident Serviceman Combination license, duplicate license, Duck Stamps, Muzzleloading, Pheasant Stamps and over 70 Complimentary license.

#### **Hospital Equipment for loan:**

Anyone needing a wheelchair, crutches, hospital bed, etc., the Cumberland Fire Department has some available to loan at 829-5421.

#### **Birth Certificates:**

Birth certificates may be obtained from: (1) the City or Town in which the child is born, (2) the City or Town in which the mother was living at the time of the birth or (3) the State Department of Vital Statistics located in Augusta, ME. The fee for a birth certificate is \$7.00 for the 1st copy and \$3.00 for any additional copies.

#### **Marriage Licenses:**

A marriage license is obtained from the Town Clerk. In Maine, one files for a marriage license in the Town in which one resides. If the bride and groom are from different towns, each must file separately in their individual towns. If both are from out of state, they must file in the town where the marriage will take place. For persons previously married, a certified copy of the most recent divorce decree or death certificate of the former spouse will be needed at the time of application. There is a waiting period of 3 working days after the date of application before the license is valid, at which time it is valid for 90 days. The fee is \$20.00.

#### **Permits: Building, Plumbing and Electrical:**

The owner or his agent must complete and submit an application for a building permit to the Code Enforcement Officer. If plumbing is required, you must obtain appropriate permits from the Licensed Plumbing Inspector. A separate electrical permit must be obtained by a licensed electrician or by the owner if work is done by the owner. Applications for building permits are available at the Town Planner's Office. For building permits, a full set of construction plans showing elevations, section drawings, floor plans and a site plan must be submitted. All construction must meet the setback requirements of the Zoning Ordinance or a variance must have been granted by the Board of Adjustment and Appeals before the building permit can be issued. A Site Plan Review by the Planning Board may be required prior to the issuance of a building permit.

The Building Code for the Town is the BOCA Basic National Code 1987.

#### **Veteran's Property Tax Exemption:**

State law provides for property tax exemption for veterans, their widows, minor children and certain widowed mothers of veterans. Those veterans having a taxable residence in their place of residence, who served in the Armed forces of the United States during any federally recognized war period, including the Korean campaign and the Vietnam War and who shall have reached the age of 62 years of age or receiving any form of pension or compensation from the United States government for total disability, service-connected or nonservice-connected, as a veteran, are eligible to apply for the exemption.

**Applications for VETERAN (Property Tax) EXEMPTION are available at the Town Office and must be filed with the Assessor's Office on or before April 1st of the year in which the exemption is being requested.** Proof of entitlement such as copies of discharge papers, birth certificates or death certificates must be submitted along with the application. If you have any questions concerning the veteran exemption, feel free to contact the Assessor's Office at 829-2204.

#### **SOLID WASTE**

##### **Mainland:**

Residential solid waste and recyclables are picked up curbside weekly by Waste Management of Maine, Inc. A temporary transfer station located on Drowne Road accepts white goods (appliances), metals, clean wood waste, yard waste and used motor oil.

In order to use the temporary station residents must purchase an annual sticker (\$1.00 fee) at the Town Office.

##### **Chebeague Island:**

Residential and commercial solid waste and recyclables must be taken to the transfer station located at the site of the former landfill. Also accepted at the transfer station are white goods, metals, clean wood waste, yard waste and construction and demolition debris.

Additional information regarding these solid waste programs - such as disposal fees, routes, holidays and restrictions - is available at the Town Office, 829-5559.
