Dear Jane Smythe,

Oct. 25, 2017

Welcome to the Cumberland Historical Society and thank you for joining us. The Society houses a rich history of the Town of Cumberland and its founders, and aids in research projects to students and residents who are seeking historical information about our town. Your membership in the Society helps in preserving this history.

Volunteering for the Society is not a prerequisite for membership, although we welcome any and all assistance. Record keeping, exhibit preparation, textile preservation, grant writing or simply being a greeter for an open house are just a few of the areas where we can always use help. Perhaps you have, or know someone who has, a hobby or talent that the Society could use!

Please watch for upcoming programs and notices in our newsletter, and of course visit us. Again, thank you joining us and we hope to see you soon!

Sincerely,

Lynda Jensen

Membership Committee
