

JOHN PRIDE ROAD

May 11, 1801

(From Selectmen's Report to Town Meeting)

We have also viewed the range way from the most southerly corner of said Lot No. 79 as far down as John Prides land he now lives on and are of the opinion that it should be opened as far as fifty-two (52) rods southeast from the last mentioned corner in order to way out John Pride into the road above laid out (Skillin Road) as there is no other way he can conveniently be wayed out.

All which is humbly submitted.
